PRODUCT DESCRIPTION

The Widmer RS PTV transcript validator prints the school seal, signs and dates transcripts documents in one pass through the high speed imprinter at a rate of 180 documents per minute; it does not emboss. It comes equipped with an automatic feed to load the transcripts into the machine for imprinting. The college s seal is printed onto the paper. The registrar s signature, title, institutional name, and date are imprinted in indelible ink. This is one of the only machines designed to replace manual stamping and signing of each school transcript. Dual security locks and dual provide secure protection. Dual counters track the number of transcripts being processed. The customer is required to send artwork or legible copy of the seal, signature signed three times in blue or black ink on white paper, official title of the person signing, and a sample of the document s that will be stamped. This information will be used to tailor the validator to the customers needs.
