PRODUCT DESCRIPTION

ABE 800 4 Date Top or Bottom Line Manual Security Perforator The ABE 800 4 manually operated security perforator marks up to 12 documents at a time with a 6 character date. The positioning is adjustable to perforate along the top or bottom line of each document set. The 800 4 is similar to the 700 4 except for its manual operation; it requires the pull of a handle to perforate the documents. Simply place the document under the stamp and it will automatically perforate. The removable die block makes replacing dies a snap. Its heavy duty alloy die casting ensures a long lasting life. Up to 6 characters can be imprinted per line and up to 3 lines can be imprinted per document. Click on the supplies icon to view the most popular perforator plates.
